

## SENIOR MOBILE MARKET

Feeding America Eastern Wisconsin's Senior Mobile Market Program works to assist seniors age 55 and over by providing healthy and nutritious foods in a farmers market-style distribution. Senior Mobile Markets are open to the public and provide individuals the choice to select from available foods that meet their dietary and personal needs, **FREE OF CHARGE**. While there, seniors can be connected to additional local community resources.

\*Quantities are limited and will be given away on a first come, first served basis.

Limit one distribution per household.
