

An Aging & Disability Resource Center in Wisconsin says someone has been posing as a Meals on Wheels representative asking for money from participants for their bill.

The ADRC is warning the public that this is a scam. The Aging & Disability Resource Center does not collect money for meals this way.

In Marquette County, a letter is sent monthly with the suggested donation amount. Please be advised that if someone comes to the door or calls asking for money (for Meals on Wheels, or any other bills through the Aging & Disability Resource Center) do not pay them! Instead contact the police or the Aging & Disability Resource Center of Marquette County at 855-440-ADRC (2372).
